

**E.B. Horsman & Son**  
*The Electrical Distributor of Choice!*

## Process, Automation & Controls (PAC)

An E.B. Horsman & Son Division

### PAC Line Card

E.B. Horsman's dedicated PAC Group combines our full line of process, automation, industrial controls, and motion systems with expert technical consulting to support industrial needs. This unique group of technical experts helps engineers and technicians optimize design and specification while seamlessly managing parts inventory, logistics, payables and more.

*On-time quotations  
 Sales & Technical Support

 <i>Ingenuity for life</i>	<b>Process Instrumentation, Automation, Controls &amp; Motion Portfolio:</b> PLC, HMI, VFD, industrial ethernet, IPC, remote I/O, contactors, overloads, pilot devices, protection relays, starters/soft starters, safety relays, motors, DC power supplies, flow, level, pressure & temperature measurement
 <small>more sensors, more solutions</small>	Photoelectric sensors, Vision systems, wireless I/O, Machine safety, industrial LED lighting, and industrial grade wireless
	Proximity sensors, fieldbus products, industrial cordsets & connectors, intrinsic safety barriers, remote I/O
	Intrinsic safety, signal conditioners, Bebcos EPS® Purge System, ecom mobile devices, HMIs, HART Interfacing, junction boxes, and control & distribution stations
	Serve Service Metal Seated Ball Valves, Specializing in Process & Power Industries
	Industrial cabinets & enclosures, climate control, bus systems, data centers, commercial & industrial boxes, electrical design engineering software
<b>FLUID COMPONENTS INTERNATIONAL LLC</b>	Switches for Flow, Level, Interface, & Temperature, Pioneers of Thermal Dispersion Mass Flow Technology
	Terminal blocks, heavy duty connectors, PCB connectors, DC power supplies, relays, and much more!
	Pneumatics, valve banks, air handling, cylinders, e-drives, custom solutions, and process instruments
 <small>Innovative Power Solutions</small>	Manufacturer of switching & changeover products for fuse, electronic protection & insulation control as well as power quality, metering, & monitoring
	Pressure and temperature gauges and switches, pressure transmitters and diaphragm seals
	Valves, actuators & valve control products, actuators for the automation of industrial valves
	Shaft speed sensors, shaft speed switches, bearing temperature sensors, belt misalignment devices, vibration switches, tilt switches, motor speed controllers, and more
	Electrical connectors, electronic connectors, device terminations, network components, cable harnesses

#### E.B. Horsman Locations

##### British Columbia

##### Lower Mainland BC

Burnaby  
Langley  
Richmond  
Surrey

##### Vancouver Island

Campbell River  
Courtenay  
Duncan  
Parksville  
Victoria

##### Interior BC

Cranbrook  
Kamloops  
Penticton  
Vernon

##### Northern BC

Dawson Creek  
Prince George  
Terrace  
Williams Lake

##### Alberta

Calgary  
Edmonton

##### Saskatchewan

Saskatoon

Industrial machine routers, remote connectivity solutions, Industrial field bus conversion, remote networking solutions

Operator interfaces, panel meters, signal conversion, data logging, industrial ethernet, HMI

Reliable and easy to use liquid analyzers

LMI TECHNOLOGIES

3D Sensors and Scanners for precision 3D scanning, 3D inspection, 3D modeling and 3D surface metrology

Short-runs to mid or high volumes of your custom liquid level, pressure, and flow sensors, switches and solenoid valves.

WSEAD  
ELECTRICAL ENGINEERING

Process instrumentation, automation and electrical engineering, design, and installation software suite.

Relay and relay systems, timers

Acromag  
THE LEADER IN INDUSTRIAL I/O

Signal conditioning, transmitters, isolators & splitters, limit alarms, math computation modules, and more

Aircon  
Instrumentation Ltd.

Temperature Measurement: RTD's, thermocouples, thermowells, temperature transmitters and more

Quick connect cables and connectors, signal distribution

Incremental and absolute encoders for hollow shaft and heavy duty applications

Planetary gearboxes and custom gearboxes

Pressure, sanitary, and flow regulators, specialty valves, instrument hand valves, and manifolds

TELEDYNE  
TECHNOLOGIES  
Everywhere you look

Gas & flame detection measurement. Previously known as Scott Safety.

Incremental and absolute encoders for hollow shaft and heavy duty applications

Electronic controllers, measurement devices and flexible software tools
